Mae'r broses ar gyfer cyflwyno sylwadau i'w gweld yn rhy anodd ac wedi'i chreu ar gyfer hwylustod cynllunwyr ac i ddal y person cyffredin yn ei ôl. Rwyf yn ystyried fy hun yn un sy'n hyddysg yn y maes cyfrifiadurol ond bu rhaid i mi wneud ymdrech deg i roi trefn ar y system. Byddwn yn credu y byddai hyn yn debygol o ostwng nifer y sylwadau.Gwneud y broses yn gyfeillgar i'w ddefnyddio.

Representation Summary:

The process for submitting comment seems to have been made excessively difficult and designed for the convenience of the planners and to deter the average person. I consider myself computer literate but it took me considerable effort to sort out the system. I would think this is likely to reduce the number of comments.

Y map sy'n cydfynd â'r cynllunDynodi Y Ddôl, hen safle'r Clwb Rygbi ar gyfer tai. Mae'n bwysig iawn i nodi fod y safle hwn ar y gorlifdir. Mae'r mapiau a wnaeth hen Asiantaeth yr Amgylchedd am peryglon llifogydd yn cadarnhau hyn. Felly, os caiff tai eu codi ar y safle, fe fydd rhaid i dylunio nhw'n arbennig, hwyrach eu codi nhw ar stilts. Fe fyddai gwneud tai arferol yn golygu gorfodi preswylwyr y dyfodol i ddioddef llifogydd dro ar ôl tro.

Representation Summary:

The map coincides with the plan. Designate Y Ddôl, the old Rugby Club site for housing. It is very important to note that this site lies on floodplain. The maps created by the old Environmental Agency about flood risks confirm this. Therefore, if houses are built on that site, they would have to be specially designed, maybe even raised on stilts. Building normal houses would mean forcing future residents to suffer floods time after time.

Mae'n ymddangos fod polisïau a chyfarwyddyd cynllunio presennol wedi'u diystyru. Representation Summary:

The process is undemocratic and, as far as I can see, has been compiled by the planners with no consideration for the population and has not been considered and passed by the local councils - the peoples representatives. Existing policies and planning guidance seem to have been ignored. The Preferred Strategy Document was very generalised and had insufficient detail for constructive comment. Submit the plan for council approval at full council meetings. Submit the plan for council approval at full council meetings

Apparently, you have been consulting with the public. Nobody has contacted me nor any member of my family. Have you had contact with a vast percentage of the County's population? And had a cross-section in terms of age and personal circumstances? I believe that the public have not been notified about the plan. Everyone should have the information in full, in a language which is easy to understand. Everyone should be individually interviewed and had an opportunity to voice their opinion. This would give a fairer picture of the local need for housing.
