Y Broses WelTAG

Hoffem ddiolch yn fawr i bawb gymerodd yr amser i fynychu y gweithgareddau sesiwn galw heibio mis ddiwethaf yn Llanbedr, ynghyd a'r rhai wnaeth yr ymdrech i gwblhau'r arolwg. Fe mynchodd oddeutu 100 o bobl y sesiynau galw heibio ac rydym wedi derbyn dros 350 o ymatebion drwy'r arolwg ar lein. Rydym yn adolygu'r adborth ar hyn o bryd, a byddwn yn cymryd y wybodaeth i ystyriaeth fel rhan o asesiad WelTAG.

Rydym hefyd yn cwblhau asesiad technegol o'r opsiynau ac yn anelu i gwblhau Cam 2 WelTAG erbyn yr haf.

WelTAG Process

We would like to send our thanks to all those who took the time to attend the drop-in events last month in Llanbedr, as well as those that took the time out of their day to complete the survey. The drop-in events were attended by around 100 people, and we have received over 350 survey responses via the website. We are currently reviewing this feedback and will take it into consideration as part of our WelTAG assessment.

We are also finalising our technical assessments of the options and will be looking to complete the WelTAG Stage 2 study by the summer.

Cam 3 WelTAG

Bydd Cam 2 yn dod i ben yn yr haf a bydd canlyniadau y cam hynny yn cael eu defnyddio i symud ymlaen i Cam 3 yn y broses WelTAG. Yn bresennol, er mwyn diweddar gwybodaeth bydd arolygon yn digwydd o gwmpas y pentref wrth baratoi i symud i Cam 3.

I'ch atgoffa chi o'r broses WelTAG dyma linc i'r dudalen we [Arweiniad ar Arfarnu Trafnidiaeth Cymru \(WelTAG\)](#). Ile mae esboniad manwl o'r camau i gyd yn cynnwys Cam 3:

Mae Cam 3 WelTAG yn cynnwys datblygu achos busnes llawn. Mae'r achos busnes llawn yn cyfiawnhau'r opsiwn neu'r dull a ddewiswyd. Mae'n rhoi sicrwydd i bartneriaid a'r corff cyllido posibl bod eich cynllun yn cyd-fynd yn dda ag amcanion strategol, y bydd yn cael effaith fuddiol ar lesiant, bod y costau'n gadarn, y gellir ei gyflawni, a bod modd rheoli unrhyw risgau.

WelTAG Stage 3

WelTAG Stage 2 will come to an end in the summer and the information gathered will be used to move into Stage 3 of the WelTAG process. Currently, to ensure that we have updated information surveys will be undertaken around the village in preparation for moving into Stage 3.

Here's a link to the webpage as a reminder of the WelTAG process [Welsh Transport Appraisal Guidance \(WelTAG\)](#), with information about all the stages including Stage 3:

Stage 3 WelTAG involves developing a full business case. The full business case justifies the chosen option or approach. It reassures partners and the potential funding body that your scheme is a good fit with strategic objectives, that it will have a beneficial impact on well-being, that the costs are robust, that it can be delivered, and any risks can be managed.

The consultation has now come to an end, and we are most grateful for all the responses received.

The findings will be published on the website soon.

Representatives from Cyngor Gwynedd, Eryri National Park, Transport for Wales and the Welsh Government meet every month as a Working Group to report/discuss the transport work in Llanbedr. The work is being undertaken with a view of responding positively to the recommendations of the Welsh Government's Roads Review Panel through the WelTAG process. This means considering various options and interventions to offer a package of measures that look to have a positive influence on the congestion and safety concerns raised by the local community as well as facilitating and promoting healthy and sustainable means of travel including active travel and public transport.
