

## **Gwynedd SCWDP Partnership Communication Plan 2019.20**

We have 94 members within our partnership. They have access to the Partnership's website and receive our newsletter and any other relevant information. Of these there are 43 partners who receive the annual workforce data collection questionnaire. The members include representatives' from the following services:

- Adult Care Providers
- Domiciliary Care Providers
- Children's Care Providers
- Foster Carers
- Health and Wellbeing Strategy
- Children and Young People Partnerships
- Community Safety Partnership
- Further and Higher Education
- Service Users and Carers

This year the Partnership's Board functions will be transferred to the Gwynedd partnership Provider Forums.

During the year a representative from the Workforce Development Unit will attend two of the Forum's meetings (usually in January and in October). This is an opportunity to share information about all the Partnership's work.

On the Partnership's website there is information about the 2019/20 training calendar, QCF qualifications and this will include information about the new QCF qualifications valid as from September 2019.

Application forms to apply for these courses can be found on the Partnership's website:  
[www.gwynedd.gov.uk/workforcedevelopment](http://www.gwynedd.gov.uk/workforcedevelopment)

The Partnership's newsletter continues is published electronically twice a year and current editions can be accessed on the website.

Any new and current information is passed onto partners via e mail in addition to the newsletter.

Workforce Development Unit staff visit some providers during the year according to identified needs highlighted in the questionnaires. E.g. low qualification rates, or new providers.
