Gwynedd Business Support Bulletin 25.03.2022

COVID-19: Changes to legal requirements

The Welsh Government has announced that from Monday, 28 March 2021:

- Face coverings will no longer be required by law in retail settings and on public transport. They will continue to be recommended in public health advice.
- The requirement to self-isolate will become guidance. The £500 self-isolation payment to support people will continue to be available until June 2022.

Two legal requirements will remain in place because of the sharp rise in coronavirus cases in recent weeks:

- Face coverings will remain a legal requirement in health and social care settings
- Businesses are still required by law to carry out a coronavirus risk assessment and implement reasonable measures to minimise the risk
