Notes

On the whole natural change in Gwynedd is negative (i.e. there are more deaths than births). As a result, overall population growth is as a result of net in-migration.

Standardised / general / period fertility rates and standardised mortality rates for 2002-10 not updated according to revised mid-year population estimates - data unavailable

Crude birth rates and crude death rates for 2002-10 updated according to revised mid-year population estimates

Data unavailable for 2010-12 standardised fertility ratio
