GWYNEDD COUNCIL'S 2016/17 BUDGET

FOREWORD BY COUNCILLOR PEREDUR JENKINS CABINET MEMBER FOR FINANCE

The Council's Financial Strategy

The Council has approved a financial strategy to address the significant financial pressure it faces over the next two years that is firmly based on the priorities expressed by local people during the "Gwynedd Challenge" public consultation.

Like most councils in Wales, Gwynedd is facing a major funding shortfall. This is as a result of a combination of huge year on year cuts in the funding it receives from central government to deliver local services and increases in the demand and cost of delivering those services.

In the face of this challenge, Gwynedd people say they want the Council to continue to find more efficient ways of working to reduce the need for service cuts. In response, £26 million of efficiency savings have been approved or delivered since 2014/15, and no stone is being left unturned to deliver even more.

Local people also say they want the Council to protect front line services by cutting spending on the so-called "back office" to the minimum. Because of this, Council spending on these central functions is being cut by an additional £1.07 million on top of the £3.3 million already achieved over the last two years.

Unfortunately, the magnitude of the reductions in the funding Gwynedd Council receives from the Government to pay for local services means that these steps in themselves will not be enough to bridge the remaining shortfall which stands at £5.5 million for the next two financial years.

As a result, in order to protect as many as possible of the services that Gwynedd people said they valued the most, Council Tax will increase by 3.97% rather than the 3.5% originally planned for 2016/17 and 2017/18.

After all these measures are implemented, to meet its legal duty to set a balanced budget, the Council must deliver £4.9 million of service cuts over the next two years.

These cuts - the absolute bare minimum required - reflect the priorities noted by local people in their responses to the Gwynedd Challenge consultation questionnaire and the evidence submitted by individuals, organisations and specific groups.

Further to a grant cut of 1.5% in the Welsh Government's settlement for 2016/17, and based on a 3.97% increase in Council Tax, the forecast in the table below was approved by the full Council on 3 March 2016 as our Medium Term Financial Strategy.

2016/17 to 2019/20 BUDGET

	2016/17 CT 3.97% £'000	2017/18 CT 3.97% £'000	2018/19 CT 3.5% £'000	2019/20 CT 3.5% £'000
Add back use of Balances	2,019			
Additional Expenditure Requirements	10,222	8,220	6,631	7,486
General Grant Reduction	1,361	2,100	3,100	2,900
Increase Council Tax	- 2,413	- 2,514	- 2,302	- 2,387
The Gap	11,189	7,806	7,429	7,999
Current Savings	- 3,090	- 3,947	- 130	-
Schools' Savings	- 2,095	- 990	- 263	
Additional Savings	- 1,240	- 2,692	- 1,009	- 2,315
The balance from the Gap = Year's cuts	4,764	177	6,027	5,684
Following year's cuts	177		5,684	
2 year cuts (2 + 2 strategy)	4,941		11,711	

The full Council resolved upon a total worth £4,940,900 of cuts. Due to the timescales to deal with postholders and the need to consult further before realizing some cuts, it's not possible to harvest all the cuts immediately from April 2016. Therefore, the budget for 2016/17 has been reduced by £2,645,220 with the balance to be financed through a review of specific reserves in 2016.

After making difficult decisions to implement £4.9m of cuts and £13m of efficiency savings to balance 2016/17 – 2017/18, we will face an uncertain situation again by 2018/19 – 2019/20. However, for now, this budget provides a firm foundation for the next two years.

The Council's Financial Strategy may be summarised as follows -

Council Tax Policy	Consider increases in Council Tax within the 3.5% - 5% range (3.97%, which is +£2.4m in 2016/17)
Schools Budget	Continue with the target of £4.3m from the schools budget (£2m in 2016/17 and £1m in 2017/18)
Efficiency Savings	Maximising the efficiency savings that can be achieved (£6.4m in 2016/17 and £7.6m in 2017/18)
Cuts	Implement as necessary, in order to save the balance remaining (£4.9m across 2016/17 and 2017/18)

Key Characteristics of the 2016/17 Budget

For 2016/17, further to assessment of our fundamental expenditure requirements, it is estimated that the Council needs to increase expenditure by over £10m in order to stand still.

This includes £1.3m to meet the cost of transferring the 'Outcome Agreement' specific grant into the settlement, together with relevant expenditure commitments.

Also, the Westminster Government's policy regarding National Insurance (NI) requires contributions on behalf of all Council staff to increase by £2.6m from April 2016.

Pay inflation is estimated to be £2.2m, based on a general increase of 1%, with a higher % for some staff on lower grades.

Provision of £1.9m for other inflation includes the effect of the national living wage on the costs and fees of our private suppliers, less negative inflation on energy and fuel.

Also additional is £0.4m for the effect of 5 months of the increase in teachers' pension scheme contributions, operational since September 2015.

Income targets in some services' budgets have been adjusted – a net reduction of -£490k, including -£280k Consultancy, -£275k Highways, and +£110k Regulatory (parking).

An additional £1.2m was provided to finance unavoidable 'bids' reflecting pressure on the Council's departments to ensure continuation of the current level of service. This includes school transport £228k (+£68k one-off), travelling time for community carers £353k (+£616k one-off), Learning Disabilities £531k, and Residential Homes ("Whittlestone") £63k.

The following budget includes all of the additional spending requirements mentioned above, and has been reduced for the 2016/17 portion of the savings and cuts programme. We believe it is a fair estimate of the Council's spending needs and income for the year.

THE REVENUE BUDGET 2016/2017

The following pages set out the expenditure of the various departments in 2016/2017.

The service budgets include an apportioned share of Central Support Service Charges and Capital Charges. The Capital Charges are calculated according to CIPFA's guidelines and offset actual Capital Financing costs in the corporate budget. The effect of the capital charging system on the Net Expenditure of the Authority is neutral.

A brief description of service provision is also provided.

Gwynedd Council is the Agent for the Welsh Government with responsibility for managing and maintaining the trunk road network that now extends to 1,174 kilometres in the region of the Council's North and Mid Wales Partnership (with 199 kilometres within Gwynedd). Work carried out by the Agency includes all aspects of trunk road maintenance and improvement, civil engineering, design and supervision. The Agency is also responsible for overseeing the Private Finance Initiative contract for the A55 across the Isle of Anglesey as Department's Representative on behalf of the Welsh Government. The Agency also has responsibility for the Traffic Officer Service and North Wales Traffic Management Centre. All the Agency costs are recovered from Welsh Government.

The balance shown does not reflect the true position as part of the income that's related to the service is shown under Corporate services.

THE CAPITAL BUDGET 2016-2017

Capital expenditure involves the provision of new assets for the Council, or the substantial improvement of assets which will be of benefit for a number of years. Also the Council provides various grants, mainly to the private sector to improve Gwynedd's housing stock.

Capital expenditure can be financed from four sources; borrowing, grants and contributions, capital receipts and revenue.

Borrowing

The prudential system for local authority capital finance was introduced on 1 April 2004. Its legislative base is contained in the Local Government Act 2003 and the regulations subsequently made by the Welsh Government enable local authorities to determine their own levels of affordable borrowing. Therefore under the prudential system authorities have to decide for themselves how much they can afford to borrow based on a prudent assessment of their capital expenditure requirements. There is a duty for each authority to set an affordable borrowing limit in advance of each financial year, and to monitor their position against the limit and ensure that it is not exceeded. However, the Welsh Government does announce, as part of the annual settlement, a figure which represents the borrowing level which is supported within the Revenue Support Grant, the unhypothecated supported borrowing.

The Council borrows most of the money to finance schemes from the Public Works Loan Board and repays it with interest over a number of years.

Grants and Contributions

As part of the annual settlement the Welsh Government allocates a general capital grant. For some capital schemes, the Council receives grants and contributions from Central Government, the European Community and other bodies.

Capital Receipts

A receipt arising from a disposal is defined as a capital receipt if the authority were the buyer in such a transaction, expenditure on the acquisition of the asset would be classified as capital expenditure – the “mirror principle”. A capital receipt is defined as such if the total proceeds from a disposal are more than £10,000.

When the Council sells assets which are surplus to requirements, the whole amount may be used to finance General Fund capital schemes.

Revenue

The Council may also spend part of its revenue budget or balances on capital schemes.

The 2016/17 estimates include provisional figures for slippages from 2015/16 which were reflected in the third quarter review report which was presented to the Cabinet in February 2016. The figures will be adjusted to reflect the final year position for 2015/16

These figures also include commitments from the Asset Management Plan (2016/17 and 2017/18), as well as all other schemes which are committed to be funded from other sources such as grants etc.
