Guidance Note.

Please set out your comments in Part 2 of this form. Use additional sheets of paper where necessary. **Separate forms should be completed for each comment** that you wish to make.

Question 2dd and 2e seeks your views on the soundness of the Joint Deposit Plan. The tests of soundness and additional information on how they are applied are detailed on the last page of this form.

If you want changes made to the Deposit Plan, please be as specific as you can. For example, if you want new text added, please set out the new text and explain where you would like it to go in the Deposit Plan and why. Similarly, if you want to add a new or amend a policy or a paragraph, please set out clearly the new text and explain where you think it should go in the Deposit Plan and why.

If you wish to delete a site that is allocated in the Deposit Plan or suggest amendments to it or you wish to propose a new site, please attach a 1:1250 or 1:2500 scale plan that clearly identifies the site boundaries. If you are proposing a new site (one that is not included within the Deposit Plan) the comment form must be accompanied by a detailed site assessment in accordance with the Council's Candidate Site assessment methodology and the Sustainability Appraisal framework. The Candidate Site assessment methodology and the Sustainability Appraisal framework can be found on the Council's website at: www.gwynedd.gov.uk/ldp or www.anglesey.gov.uk/ldp

Further information about this matter can be obtained from the Joint Planning Policy Unit on 01286 685003 or on the Council's web site at: www.gwynedd.gov.uk/ldp or www.anglesey.gov.uk/ldp in the leaflet 'Guidance about alternative sites'.

Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant Sustainability Appraisal information. This information must be consistent with the scope and level of detail of the Sustainability Appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

You should include all your comments on the Deposit Plan and set out your full case on the official form, using accompanying documents where necessary. If you seek more than one change and consider that the Deposit Plan fails to meet more than one test of soundness **separate forms should be completed for each representation**. Similarly, if your representation is in support of the Deposit Plan or individual elements of the Deposit Plan it would be helpful if separate representations were made. Please indicate if you are submitting other material to support your comments.

You will only be able to submit further information to the Examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you have made in response to previous consultations. If you do not consider the Deposit Plan to be sound and that it should be changed, please explain clearly why you think the changes are needed. If you think a change is needed for the Deposit Plan to meet one or more of the tests of soundness, please tell us which one(s).

Where a group shares a common view on how it wishes the Deposit Plan to be changed, the Councils will accept a signed petition. In submitting a representation form on behalf of a group, the representation form should include the contact details of a lead individual at Section 1 and the comments should be clearly set out on the representation form. The signed petition should state clearly how many people are being represented and how the representation has been authorised. Signing a petition does not prevent the submission of individual forms.

PART 2: Your Comments and Suggested Changes. (Please use one Part 2 section for each comment that you wish to make)

2a. Which part of the Deposit Plan are you commenting on?	
Policy number (please specify)	
Paragraph number (please specify)	6.20.
Proposals/ Inset Map (please specify ref no.)	
Constraints Map	
Appendices (please specify)	

2b. Are you objecting or supporting the Deposit Plan?			
Objecting	<input type="checkbox"/> YES	Supporting	<input type="checkbox"/>

2c. Please provide details of your representation on the Deposit Plan.
<p>I note the supportive text to 6.20 and support the drawing of development boundaries tight up to the actual edge of settlement construction. This objection seeks modification to provide clarification and consistency in the plan.</p> <p>I am concerned that the definition of development boundaries refers to “Sub-Regional Centre, Urban Service Centre, Local Services Centres and villages”. I note that in the formal policies of the written statement there is no category called villages but categories called “local villages” and “coastal/ rural villages”. For avoidance of doubt, the text would benefit from clarifying that development boundaries apply to all of these categories of villages.</p>
<p><i>Please use additional sheet if necessary. Please state how many additional sheets have been used.....</i></p>

2ch. If your response to 2c above exceeds 100 words, please provide a summary (no more than 100 words).

2d. Please detail the changes you wish to see made to the Deposit Plan.

I seek consistency in definitions related to villages.
 I do not consider the 10 tests identified as being a comprehensive set of tests for soundness. Inconsistencies in terminology used can cause uncertainty and that is an equal test for soundness.

2dd. Is the Deposit Plan sound?

Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
-----	--------------------------	----	-------------------------------------

2e. If you think that the Deposit Plan is unsound which test of soundness do you think that it fails? (Please tick below). *More details are provided at the back of this form.*
