Crynodeb o'r Sylw:

Mae'r Cynllun yn gwneud yn iawn yn tanlinellu pwysigrwydd yr amgylchedd naturiol - i'w werth cynhenid ei hun ond hefyd trwy ddefnydd cynaliadwy adnoddau naturiol. Mae'r adran agoriadol hon yn gosod golygfa negyddol iawn o'r amgylchedd naturiol. Rydym yn awgrymu aralleirio er mwyn adlewyrchu'r agwedd gadarnhaol a gymerwyd mewn rhan arall o'r Cynllun. Diddymu'r pwynt bwled cyntaf a symud pwynt 5 i'r dechrau.

Representation Summary:

The Plan rightly highlights the importance of the natural environment both for its own intrinsic value but also through the sustainable use of natural resources. This opening section sets a very negative view of the natural environment. We suggest re-wording to reflect the positive approach taken elsewhere in the Plan. Delete the first bullet point and move the (current) fifth point to the beginning

Er mwyn cael mwy o eglurhad a bod yn fanwl gywir, dylai'r paragraff hwn gynnwys cyfeiriad at y cynefinoedd sydd hefyd wedi'u rhestru yn adran 42 Deddf Cyngor Ymchwil yr Amgylchedd Naturiol. Ychwanegu " Cynefinoedd a..." i ddechrau brawddeg 7.5.2

Representation Summary:

For greater clarity and precision his paragraph should include reference to the habitats also listed in Section 42 of the NERC Act. Add "Habitats and . . ." to opening sentence of 7.5.2

Rydym yn croesawu'r gydnabyddiaeth a roddir i bwysigrwydd rhwydweithiau seilwaith glas/gwyrdd ac yn awgrymu y cyfeirir hefyd at y cysyniad o gylchfeydd rhagod i warchod mwy ar y nodweddion hyn.

Representation Summary:

We welcome the recognition given to the importance of green/blue infrastructure networks and suggest that reference is also made to the concept of buffer zones to further protect these features.

Crynodeb o'r Sylw:

Mae'r bwriad i ddynodi'r ardal sy'n cynnwys chwarel Moel Tryfan a'r ardal o'i hamgylch yn Ardal Tirwedd Arbennig yn ddiangen ac fe'i lluniwyd i ddiogelu'r dirwedd lle mae eisoes digon o ddarpariaeth i wneud hyn. Er ei fod yn cyfuno dwy Ardal Gwarchod y Dirwedd i greu Ardal Tirwedd Arbennig 07, mae'n cynnwys tir sydd eisoes yn cael digon o warchodaeth gan ddynodiad Gofrestredig. Gallai ychwanegu haen arall o reoliadau fod yn rhwystr i ddatblygu'r chwarel yn y dyfodol felly'n tanseilio, o bosib, effeithlonrwydd polisiau sy'n ymwneud â datblygu'r economi, cefnogi'r Gymraeg a chloddio mwynau.

Representation Summary:

The proposed designation of the area containing and surrounding Moel Tryfan quarry as a SLA represents a needless, additional layer of designation designed to preserve the landscape where sufficient provision in this regard already exists. Albeit that it combines two existing Landscape Conservation Areas to form proposed SLA area 07, it covers land already afforded sufficient protection by the RHL designation. The addition of another layer of landscape regulation may prove an obstacle to future development at the quarry, thereby potentially undermining the effectiveness of policies relating to economic development, support of the Welsh language and mineral extraction.

Change(s) to the Plan

Look to reduce the area covered by SLA 07 to avoid overlap with designated RHL areas.
