GWYNEDD COUNCIL'S 2018/19 BUDGET

FOREWORD BY COUNCILLOR PEREDUR JENKINS CABINET MEMBER FOR FINANCE

The Council's Financial Strategy

For a number of years, whilst establishing its budget, Gwynedd Council has been planning ahead to prepare for what might be on the horizon. Once again this year, the Council has benefited from medium term planning, and succeeded in balancing the 2018/19 budget without making any new decisions which cut services for our citizens.

Like all councils in Wales, Gwynedd was facing a major funding gap. By 2018/19, a net increase of £7m in our expenditure is required in order to “stand still”, including £6.5m for inflation.

Gwynedd Council received a grant increase of £1m from the Welsh Government (adjusted for transfers into the Settlement), which is an increase of 0.6% (higher than the 0.2% average across Wales) for 2018/19. This increase was insufficient to meet inflation, and therefore a cut in real terms.

This left a funding gap of £6m for 2018/19, and the Council decided (in its meeting on the 8th of March) to balance the budget by –

- implementing £1.5m of approved efficiency savings;
- implementing £369k of cuts approved by the Council in March 2016;
- achieving further efficiency savings of £896k, and
- increasing the Council Tax 4.8% to produce an additional £3.2m.

Unlike some other authorities, by identifying and realising £896k additional efficiency savings and implementing the savings and cuts schemes agreed in March 2016, a tax increase of 4.8% will be sufficient for Gwynedd Council to balance the budget, without additional cuts in 2018/19.

The 2018/19 budget and tax was decided upon in the context of our Medium Term Financial Strategy forecasts. Having balanced 2018/19, we will be facing an uncertain position again by 2019/20 – 2020/21. The grants for subsequent years could be similar to the 2018/19 settlement, i.e. insufficient additional resources in order to meet inflation, or if the Welsh Government was to realise its indicative grant figure, we could see a grant reduction of £2m per year.

Meanwhile, inflation is expected to rise £6m per year and our additional expenditure requirements could continue to increase. As a result, between 2018/19 and 2020/21, we could be facing a funding gap between £11m and £20m.

Therefore, our arrangements need to be flexible enough to be able deliver up to £20m of savings. It is sensible to deal with the 2018/19 budget now, and continue with the planned process to identify savings and cuts, while pressing the Welsh Government to provide positive settlements for 2019/20 and beyond. We will be able to adapt the savings strategy annually to respond in detail for the following two years (2019/20 and 2020/21) when we will have identified the relevant funding gap with more certainty.

In order to be able to realise savings in 2019/20 and 2020/21, the Council will continue with the savings strategy where the Cabinet will decide on different targets for the Council's departments, the heads of department presenting possible savings schemes to meet those targets, and the scrutiny committees challenging the plans on behalf of the people of Gwynedd, before a public consultation on options to be implemented annually.

Key Characteristics of the 2018/19 Budget

For 2018/19, following an assessment of fundamental expenditure requirements and adjusting for £2.75m of savings, it is estimated that the Council's net expenditure will be £242.8m, including £5m which has transferred into the grant settlement. Transfers in include £2.9m to the Adult Care Department (£2m of that from the Independent Living Grant), and £2m to the Highways and Municipal Department (the waste element of the Single Revenue Grant).

Pay inflation is estimated to be £4.7m, based on a general increase of 2%, with a significantly higher % for some staff on lower grades. There is provision of £1.8m for other inflation, including the effect of the national living wage on the costs and fees of our private suppliers, and very significant inflation on energy and fuel.

£407k is also added for the effect of pension auto enrolment. Due to Gwynedd Pension Fund's excellent investment performance, we succeeded in not having to increase the Council's employers' pension contribution rates.

An additional £1.55m was provided to finance unavoidable 'bids' which reflect pressure on the Council's departments to ensure continuation of the current level of service, together with another £1.51m of one-off bids. The bids add to departments' budgets and include £626k for Education/Schools, £500k Economy, £818k for Adult Care, £170k Children, and £466k for Highways and Municipal.

Income targets in some services' budgets have been fairly adjusted, including an increase of £100k in the Adult Care Department's income target (Welsh Government has raised the non-residential weekly fees cap), an increase of £65k in the Environment Department's income target (which mainly reflects the favourable parking fees position, road closure fees, etc), and a reduction of £226k in the Highways Department's income target (loss of an income opportunity in light of the transfer of staff to the Highways Agency).

Also, £691k was provided for "demography", with £458k of this in reserve for the Adults Department, and £232k allocated to Schools (net of the 2017/18 adjustment for the secondary schools).

Generally, prudent assumptions were made while considering risks with inflation, specific grants, income levels, and ability to achieve savings. However, the following budget includes all of the additional spending requirements mentioned above, and we believe it is a fair estimate of the Council's expenditure requirements and income for the 2018/19 year.

TRAC is a scheme which is led by the six authorities within North Wales to provide adequate skills and support to support the most vulnerable pupils and young people in the county. This is to encourage the participants to succeed and fulfill their potential in education, training or in the workplace and therefore reducing the number of NEET, and the number that are close to being NEET in the area. The scheme is financed by an European Grant.

NORTH AND MID WALES TRUNK ROAD AGENCY

North Wales Trunk Road Agency	Trunk Road Unit	9,218
	Trunk Road Unit - Works	39,284
	Income	<u>(48,559)</u>
		<u>(57)</u>

Gwynedd Council is the Agent for the Welsh Government with responsibility for managing and maintaining the trunk road network that now extends to 1,174 kilometres in the region of the Council's North and Mid Wales Partnership (with 199 kilometres within Gwynedd). Work carried out by the Agency includes all aspects of trunk road maintenance and improvement, civil engineering, design and supervision.

As of 1st of April 2017 the Agency will also manage the Welsh Transport Technology Consultancy functions in North and Mid Wales. This includes the public facing aspect of highway transport in Wales which includes managing the associated "Traffic Wales Website", dealing with enquiries from the public and managing the routine and reactive maintenance and improvement of trunk road mechanical and electrical assets through Routine Maintenance (RMC) and Ancillary Works (AWC) term contracts.

The Agency is also responsible for overseeing the Private Finance Initiative contract for the A55 across the Isle of Anglesey as Department's Representative on behalf of the Welsh Government. The Agency also has responsibility for the Traffic Officer Service and North Wales Traffic Management Centre. All the Agency costs are recovered from Welsh Government.

The balance shown does not reflect the true position as part of the income that's related to the service is shown under Corporate services.

THE CAPITAL BUDGET 2018-2019

Capital expenditure involves the provision of new assets for the Council, or the substantial improvement of assets which will be of benefit for a number of years. Also the Council provides various grants, mainly to the private sector to improve Gwynedd's housing stock.

Capital expenditure can be financed from four sources; borrowing, grants and contributions, capital receipts and revenue.

Borrowing

The prudential system for local authority capital finance was introduced on 1 April 2004. Its legislative base is contained in the Local Government Act 2003 and the regulations subsequently made by the Welsh Government enable local authorities to determine their own levels of affordable borrowing. Therefore under the prudential system authorities have to decide for themselves how much they can afford to borrow based on a prudent assessment of their capital expenditure requirements. There is a duty for each authority to set an affordable borrowing limit in advance of each financial year, and to monitor their position against the limit and ensure that it is not exceeded. However, the Welsh Government does announce, as part of the annual settlement, a figure which represents the borrowing level which is supported within the Revenue Support Grant, the unhypothecated supported borrowing.

The Council borrows most of the money to finance schemes from the Public Works Loan Board and repays it with interest over a number of years.

Grants and Contributions

As part of the annual settlement the Welsh Government allocates a general capital grant. For some capital schemes, the Council receives grants and contributions from Central Government, the European Community and other bodies.

Capital Receipts

A receipt arising from a disposal is defined as a capital receipt if the authority were the buyer in such a transaction, expenditure on the acquisition of the asset would be classified as capital expenditure – the “mirror principle”. A capital receipt is defined as such if the total proceeds from a disposal are more than £10,000.

When the Council sells assets which are surplus to requirements, the whole amount may be used to finance General Fund capital schemes.

Revenue

The Council may also spend part of its revenue budget or balances on capital schemes.

The 2018/19 estimates include provisional figures for slippages from 2017/18 which were reflected in the third quarter review report which was presented to the Cabinet in January 2018. The figures will be adjusted to reflect the final year position for 2017/18.

These figures also include commitments from the Asset Management Plan (2018/19), as well as all other schemes which are committed to be funded from other sources such as grants etc.
