Assessing the Impact on Characteristics of Equality, the Welsh Language and Socio-Economic Disadvantage

Are there any issues, or potential impacts, that you feel the Council should consider, and that have not already been addressed in the impact assessment or other documents in the consultation?

In particular, is the decision likely to have a greater or lesser impact on certain groups of people with equality characteristics.

Are there any changes that can be made to the proposal in your opinion that would lead to a more positive effect, or would reduce or remove any possible negative effects on the Welsh language, on opportunities for people to use the Welsh language and on the status of the Welsh language in the community?
